PROFESSIONAL SUMMARY

I am an aspiring and results-driven Web Developer with a strong foundation in programming languages like Python and JavaScript, I possess a proven track record of delivering high-quality software applications through a combination of technical expertise and effective collaboration. Seeking a challenging role to leverage my skills in front-end development and problem-solving.

KEY SKILLS

Languages: JavaScript (ES6), Python

Technologies: HTML5, CSS

Tools: Git, Github

Software Development Tools:

VS code, Sublime text

OTHER SKILLS

- Microsoft packages
- Effective communication
- Problem-solving
- Teamwork
- Critical thinking
- Self-motivation

EXPERIENCE

Junior Software Developer (March 2024 –Present) ASHDETKON, Wuse zone 4, Abuja.

- Work closely with senior developers to understand project requirements, contribute to code development, and learn best practice.
- Developed visually appealing and responsive user interfaces using HTML, CSS, and JavaScript and Implemented design mockups and wireframes to create engaging web experiences for clients.
- Provided ongoing support and maintenance for existing websites and web applications, including updates, enhancements, and troubleshooting.
- Identified and resolved bugs, errors, and technical issues in web applications to ensure smooth functionality leading to a 40% reduction in post-release bug reports and minimizing the need for urgent bug fixes.

PROJECTS

1. Freecodecamp projects:

- [Cat Photo App](#)
- [Cafe Menu](#)
- [Survey Form](#)
- [Nutrition label](#)

2. Dev_School_Into projects:

- [Problem solving](#)
- [Functions](#)
- [Exports](#)

EDUCATION

BSc. Parasitology and Entomology (Second Class Upper Division)

Nnamdi Azikiwe University– Awka
2016 -2021
